PROFESSIONAL SUMMARY

Full-Stack Developer experienced in building RESTful web applications using React.js, Next.js, Node.js, Express, and MongoDB. Skilled in implementing authentication and authorization, database schema design, and scalable backend services. Developed real-time communication features using WebRTC and WebSockets and integrated APIs for dynamic data handling. Strong understanding of data structures, OOP, and performance-focused application design. Currently pursuing B.Tech in Computer Science.

SKILLS

- **Languages:** Java, C++, Python, JavaScript, TypeScript
- **Frontend:** React.js, Next.js, HTML, CSS, Tailwind CSS
- **Backend & Databases:** Node.js, Express.js, MongoDB, MySQL
- **AI/ML:** Machine Learning, Deep Learning, Generative AI
- **Tools & DevOps:** Docker, Git, GitHub
- **Computer Science Fundamentals:** Data Structures & Algorithms (DSA), OOPs, Problem Solving

PROJECTS

Video Meet

- Built a real-time video conferencing application supporting multi-user video calls, live chat, and screen sharing
- Implemented peer-to-peer communication using WebRTC with custom signaling via Socket.IO
- Designed scalable backend with Node.js and Express to manage rooms and user connections

Tech stack: React.js, WebRTC, Socket.IO, Node.js

CozyStay– Hotel Booking Portal

- Developed a full-stack hotel booking platform with role-based authentication and authorization
- Designed and Architected RESTful APIs for bookings, reviews, and property management
- Built responsive UI using Next.js and Tailwind CSS

Tech Stack: Next.js, Node.js, Express.js, MongoDB

Traffic Signal Detector (Object Detection)

- Developed a YOLO-based deep learning model for real-time traffic sign detection
- Built a web interface using Flask for model deployment
- Executed image processing and inference using PyTorch and OpenCV

Tech stack: Python, PyTorch, OpenCV, Flask

EXPERIENCE

Summer Research Intern | IIT Guwahati *Jun 2025 – Aug 2025*

- Worked on computer vision and object detection techniques using YOLO, Faster R-CNN, and other deep learning models for improved accuracy.

EDUCATION

- B.Tech in Computer Science & Engineering | Jorhat Engineering College 8.18|2027
- XII (AHSEC) | Crescent Academy, Jorhat 82%|2022
